

**The 15th ANNUAL MEETING  
of the INDIANA CHAPTER of the  
AMERICAN COLLEGE  
of CARDIOLOGY**

**The Indianapolis Marriott Downtown  
Indianapolis, Indiana  
Saturday, October 22, 2011**

**Special Session for Fellows-in-Training**

**Program Director**

John S. Strobel, MD, FACC

**Jointly Sponsored/Co-Provided by**

The American College of Cardiology Foundation  
and the Indiana Chapter of the American College of Cardiology

7:00-7:55 a.m. Continental Breakfast, Exhibits, Posters

7:55-8:00 a.m. Welcome and Opening Remarks  
John S. Strobel, MD, FACC

---

8:00 a.m.-10:00 a.m. **Fellow-in-Training Session: Next Steps in a Cardiology Career**

You will not want to miss important information about taking the next step in your cardiology career. Find out how to evaluate practice culture, clinical practice style, financial and business aspects of the practice, employment agreements, practice governance, management, risk management, partnership opportunities, how to select a geographical location, private practice vs. academe, what is the right salary, what to include in your CV, what questions to ask in an interview, what benefits to expect, and more.

Patrick White, President, MedAxiom

Jeffrey A. Breall, MD, PhD, FACC

Gregory J. Mazanek, MD, FACC

Bradley J. McNabb

---

8:00-9:00 a.m. Advances in Percutaneous Valve Interventions  
Arthur C. Coffey, MD, FACC and James B. Hermiller, Jr., MD, FACC

9:00-10:00 a.m. ICDs: Too Many or Not Enough?  
William J. Groh, MD, MPH, FACC and Mary Norine Walsh, MD, FACC

10:00-10:30 a.m. Break, Exhibits, Posters

10:30-11:00 a.m. Fellows-in-Training Oral Competition  
Aditya Boddu, MD & Mohamed Homsy, MD

11:00-11:45 a.m. Health Care Legislation: What's In Store for You  
John G. Harold, MD, MACC, MACP

11:45 a.m.- 12:30 p.m. Hybrid Suites: Accommodating an Integrated Approach  
Michael K. Schroyer, RN, MSN, MBA, FACAT, AACC; Tom Zimmerman - GE Healthcare representative; Hanneke Naus - Philips representative; Robert Dewey - Siemens Healthcare representative

12:30-1:00 p.m. Break, Exhibits

1:00-1:45 p.m. Personalized Medicine: Genetic Testing 101 - Costs, Benefits and Effectiveness  
David A. Flockhart, MD, PhD

1:45-2:30 p.m. Accountable Care Organizations: How They Will Change the Way You Practice  
Richard I. Fogel, MD, FACC and Richard J. Kovacs, MD, FACC  
Panelist: Chandrashekar Kumbhar, MBBS, FACC

2:30 p.m. Announcement of Poster Winners and Oral Competition Winner & Wrap-up

John S. Strobel, MD, FACC

Clinical Cardiac Electrophysiologist

Premier Healthcare, LLC (formerly IMA, Inc.)

Assistant Clinical Professor of Medicine

Indiana University

Bloomington, Indiana

George B. Bittar, MD, FACP, FACC, FCCP  
Interventional Cardiologist  
Providence Medical Group  
Terre Haute, Indiana

GE Healthcare  
Milwaukee, WI

Visit <http://inacc.org/id27.html> for submission details.

All current Indiana fellows in a cardiology training program are invited to present their research (past or present) during the poster session, scheduled for Saturday, October 22. Eligible posters may present recent data, case study or information that has been presented previously at a local or national meeting. The abstracts will be judged in advance to select the top two abstracts for oral presentation. The rest of the accepted abstracts will be presented as posters and judged at the poster presentation on Saturday, October 22. There are cash prizes for winners! Visit <http://inacc.org/id27.html>.

\*If you submit a case study:

1. Case reports should be of a rare, unusual, or unexpected finding in a patient;
2. The diagnosis should be known or the workup as complete as possible (all evidence as to the diagnosis should be included);
3. There should be a brief review of the literature including numbers of patients with similar findings/outcomes, risk factors, how it has been evaluated/treated, and outcomes where known;
4. The case should include as much follow-up as is available;
5. Pathology slides and supporting evidence should be included.

### **Statement of Need**

Cardiovascular (CV) disease is the leading health care problem throughout the world. In the United States alone, an estimated 70 million people have been diagnosed with one or more forms of CV disease, and over 910,000 Americans die from CV disease each year. The cardiac care team is increasingly asked to develop systems of care, the methods for which are not necessarily part of the traditional medical training. We are asked to do this better, faster, more efficiently and at a lower cost.

### **Overall Goal**

The overall goal of this program is to focus on achieving optimal patient outcomes and the performance of the healthcare provider by increasing learner competence in the areas of aortic valve disease, implantable devices, personalized medicine, hybrid suites, and health care reform implementation.

### **Learner Objectives**

Upon completion of this program, participants should be able to:

- Discuss the latest available therapies for aortic valve disease and appropriately refer patients for these treatments.
- Describe practice options and necessary steps to attaining a position to meet the needs of the cardiac patient population.
- Identify selection criteria for patients for whom device-based therapy for heart failure and primary prevention of sudden cardiac death would be beneficial and taking into consideration their needs when surgery is involved.
- Recognize the impact of Health Care Reform legislation on the practice of cardiology.
- Specify what procedures can be performed in hybrid suites and identify what features are important.
- Analyze how Personalized Medicine will change the way cardiovascular practitioners will practice medicine in the future.
- Recognize the importance of participating in the development and organization of an Accountable Care Organization (ACO).

### **Target Audience**

Adult Cardiologists, Pediatric Cardiologists, Cardiothoracic Surgeons, Cardiology Fellows-in-Training, Nurses, Nurse Practitioners, Clinical Nurse Specialists, Physician Assistants, Pharmacists

### **ACCF Disclosure & COI Policy Statement**

ACCF/Chapter committee members, faculty, staff and other individuals who are in a position to control the content of this activity are required to disclose all real or apparent conflicts of interest. All relevant potential conflicts of interest that are identified are thoroughly vetted through a process that includes course directors and appropriate peer review by education committee chairs/members, for fair balance, scientific objectivity and validity, patient care and safety recommendations. Full disclosure will be published in the syllabus.

### **Accreditation**

#### **Physicians**

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of the American College of Cardiology Foundation and the Indiana Chapter of the American College of Cardiology. The American College of Cardiology Foundation is accredited by the ACCME to provide continuing medical education for physicians.

The ACCF designates this educational activity for a maximum of 5.5 AMA PRA Category 1 Credit(s)<sup>™</sup>. Physicians should only claim credits commensurate with the extent of their participation in the activity.

#### **Nurses**

American College of Cardiology Foundation is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

The ACCF designates this educational activity for a maximum of 5.5 continuing education hours. Requirement for successful completion is attendance at the program in its entirety and completing the evaluation tool.

While offering CME and CNE credits noted above, this program is not intended to provide extensive training or certification in the field.

### **Acknowledgment**

At the time of printing, a complete listing of industry supporters was not available. Appropriate acknowledgment will be made upon confirmation of support and at the time of the program.

## **REGISTRATION**

You may register online at [www.inacc.org](http://www.inacc.org). The registration fee for the meeting includes continental breakfast and breaks.

### **PHYSICIAN**

- Indiana-ACC Member .....\$40
- Non-Member Physician .....\$50

**CARDIAC CARE ASSOCIATE (RN, APN, PHARMACIST, PA)** ..... \$30

**PRACTICE MANAGERS** ..... \$30

**RESIDENTS, FELLOWS, AND STUDENTS** ..... FREE with pre-registration

## **CANCELLATIONS**

Cancellation requests must be received by October 14, 2011. No refunds will be made after that date.

## **MEETING LOCATION**

The Indianapolis Marriott Downtown  
350 West Maryland St  
Indianapolis, Indiana 46225  
317-822-3500

## **ACCOMMODATIONS**

Please call the Indianapolis Marriott Downtown at 877-640-7666 for room reservations in the Indiana Chapter of the American College of Cardiology room block using code INDCC. Rooms are \$145 plus tax. Reservations should be made by September 21, 2011. There is a 24-hour cancellation policy.

**QUESTIONS? CALL 1-866-44-INACC OR 317-456-2223.**
