MESSAGE FROM THE CO-CHAIRS

Dear Indiana-ACC Colleague,

It is our pleasure to invite you to the Indiana-ACC's 22nd Annual Meeting. The meeting will be held on Saturday, October 13, at the Crowne Plaza Indianapolis Downtown Union Station. Our annual conference is the ideal setting for the entire cardiovascular team to join together, learn and network. The program committee has created an agenda that includes joint areas of interest and a team-based approach. Please join us to learn and network with colleagues.

See you in October!

Ray and Don

STATEMENT OF NEED

While cardiovascular care is rapidly evolving due to new technologies and treatment options, healthcare providers need to be aware of the new health care environment in which they practice as well as knowledge of the past advances and technologies which contributed to the current standards of optimal cardiovascular care. Healthcare providers need periodic educational updates on emerging clinical trials and advances in patient management to provide optimal care. Knowledge and competencies learned from case scenarios applicable to daily practice and changes to practice guidelines, will allow them to apply evidence-based research to their patient management decisions.

OVERALL GOAL

The overall goal of this activity is to increase learner competence by discovering strategies to anticipate research-driven changes in practice, to enhance professional growth, and to demonstrate efficacy in patient care practice as new clinical approaches and technologies change. The Indiana Chapter-ACC Annual Meeting will include education that provides needs-based learning covering a thorough overview of health care legislation and regulations, provider wellness, TAVR, cardiovascular imaging, and improving performance by using appropriate guidelines based treatment.

LEARNER OBJECTIVES

Upon completion of this program, participants should be able to:

- Identify tools, resources, and regulations that impact the practice environment and review the basic elements of cardiovascular business best practices necessary to become or remain financially successful in an era of payment reform.
- Describe principles of workforce wellness.
- Distinguish the utilization of newer available therapies for aortic valve disease, including TAVR, and appropriate referral patients for these treatments.
- Apply the appropriate selection and use of cardiac imaging in patients with cardiac disease.

TARGET AUDIENCE

Adult Cardiologists, Pediatric Cardiologists, Cardiothoracic Surgeons, Cardiology Fellows-in-Training, Nurses, Nurse Practitioners, Clinical Nurse Specialists, Physician Assistants, Pharmacists

ACCREDITATION

PHYSICIANS

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the American College of Cardiology Foundation and Michigan Chapter of the American College of Cardiology. The American College of Cardiology Foundation is accredited by the ACCME to provide continuing medical education for physicians.

The ACCF designates this live educational activity for a maximum of 4.75 *AMA PRA Category 1 Credit(s)*[™]. Physicians should only claim credits commensurate with the extent of their participation in the activity.

MOC

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 4.75 Medical Knowledge MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

NURSES

American College of Cardiology Foundation is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

The ACCF designates this live educational activity for a maximum of 4.75 continuing nursing education contact hours. Each attendee should only claim credits commensurate with the extent of their participation in the activity.

While offering credits noted above, the course is not intended to provide extensive training or certification in this field.

ACCF DISCLOSURE & COI POLICY STATEMENT

ACCF/Chapter committee members, faculty, staff and other individuals who are in a position to control the content of this activity are required to disclose all real or apparent conflicts of interest. All relevant potential conflicts of interest that are identified are thoroughly vetted through a process that includes course directors and appropriate peer review by education committee chairs/members, for fair balance, scientific objectivity and validity, patient care and safety recommendations. Full disclosure will be published in the syllabus.
