

Statement of Need

While cardiovascular care is rapidly evolving due to new technologies and treatment options, healthcare providers need to be aware of the new health care environment in which they practice as well as knowledge of the past advances and technologies which contributed to the current standards of optimal cardiovascular care. Healthcare providers need periodic educational updates on emerging clinical trials and advances in patient management to provide optimal care. Knowledge and competencies learned from case scenarios applicable to daily practice and changes to practice guidelines, will allow them to apply evidence-based research to their patient management decisions.

Overall Goal

The overall goal of this activity is to increase learner competence by discovering strategies to anticipate research-driven changes in practice, to enhance professional growth, and to demonstrate efficacy in patient care practice as new clinical approaches and technologies change. The Indiana Chapter-ACC Annual Meeting will include education that provides needs-based learning covering a thorough overview of health care legislation and regulations, cardiovascular outcome trials with diabetes therapies, speaking, presentation, and feedback skills for clinical presentations, personalized medicine, high performing working teams & provider wellness, and heart failure.

Learner Objectives

Upon completion of this program, participants should be able to:

- Implement tools, resources, and regulations that impact the cardiovascular business practice environment necessary to remain financially successful in an era of payment reform.
- Identify appropriate patients with type 2 diabetes mellitus as candidates to receive aspirin, ACE-I/ARB therapy, and statins for both primary and secondary prevention of cardiovascular events.
- Develop public speaking, presentation, and feedback skills for clinical presentations.
- Analyze how Personalized Medicine will change the way cardiovascular practitioners practice medicine in the future.
- Apply principles of effective team-based care to improve workforce wellness and patient outcomes.
- Employ latest advancements in the management of the heart failure patient.

Target Audience

Adult Cardiologists, Pediatric Cardiologists, Cardiothoracic Surgeons, Cardiology Fellows-in-Training, Nurses, Nurse Practitioners, Clinical Nurse Specialists, Physician Assistants, Pharmacists

Learner Bill of Rights

The American College of Cardiology Foundation (ACCF) recognizes that you are a life-long learner who has chosen to engage in continuing medical education to identify or fill a gap in knowledge or skill; and to attain or enhance a desired competency. As part of ACCF's duty to you as a learner, you have the right to expect that your continuing medical education experience with ACCF includes the following.

Content that:

- Promotes improvements or quality in healthcare
- Is current, valid, reliable, accurate and evidence-based
- Addresses the stated objectives or purpose
- Is driven and based on independent survey and analysis of learner needs, not commercial interests
- Has been reviewed for bias and scientific rigor
- Offers balanced presentations that are free of commercial bias
- Is vetted through a process that resolves any conflicts of interest of planners and faculty
- Is evaluated for its effectiveness in meeting the identified educational need

A learning environment that:

- Is based on adult learning principles that support the use of various modalities
- Supports learners' abilities to meet their individual needs
- Respects and attends to any special needs of the learners
- Respects the diversity of groups of learners
- Is free of promotional, commercial and/or sales activities

Disclosure of:

- Relevant financial relationships that planners, teachers and authors have with commercial interests related to the content of the activity
- Commercial support (funding or in-kind resources) of this activity

Accreditation

Physicians

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the American College of Cardiology Foundation and Michigan Chapter of the American College of Cardiology. The American College of Cardiology Foundation is accredited by the ACCME to provide continuing medical education for physicians.

The ACCF designates this live educational activity for a maximum of 4.75 AMA PRA Category 1 Credit(s)[™]. Physicians should only claim credits commensurate with the extent of their participation in the activity.

MOC

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 4.75 Medical Knowledge MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

Nurses

American College of Cardiology Foundation is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

The ACCF designates this live educational activity for a maximum of 4.75 continuing nursing education contact hours. Each attendee should only claim credits commensurate with the extent of their participation in the activity.

While offering credits noted above, the course is not intended to provide extensive training or certification in this field.

Disclaimers

Abstracts and articles contained in this course guide have been reprinted with permission.

This information is provided for general medical education purposes only and is not meant to substitute for the independent medical judgment of a clinician relative to diagnostic and treatment options for a specific patient's medical condition.

The American College of Cardiology Foundation (ACCF) does not warrant the completeness, accuracy or usefulness of any opinions, advice, services or other information provided through this activity. In no event will ACCF be liable for any decision made, or action taken, in reliance upon the information provided through this activity. ACCF reserves the right to modify faculty and program without notice.

Disclosure/Conflict of Interest Statement

As a provider accredited by the Accreditation Council for Continuing Medical Education (ACCME) and the American Nurses Credentialing Center (ANCC), the American College of Cardiology Foundation (ACCF) must ensure balance, independence, objectivity and scientific rigor in all of their directly provided or jointly provided/co-provided educational activities. Planners, presenters, and other contributors, in a position to control the content are required to disclose to the audience all relevant financial relationships he/she and/or his/her spouse or domestic partner may have, occurring within the past 12 months, with any entity producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients. When an unlabeled use of a commercial product or an investigational use not yet approved for any purpose is discussed during an educational activity, the contributor should disclose that the product is not labeled for the use under discussion or that the product is still investigational.

ACCF is committed to providing its learners with high-quality activities and materials that promote improvements and quality in health care and not a specific proprietary business or commercial interest. The intent of this disclosure is not to prevent participation in educational activities by persons with a financial or other relationship, but rather to provide learners with information on which they can make their own determination whether financial interests or relationships may influence the education activity.

ACCF assesses conflicts of interest (COI) with its faculty, planners, managers, staff and other individuals who are in a position to control the content of CME/CNE activities. All relevant potential conflicts of interest that are identified are thoroughly vetted through a process that includes course directors and appropriate peer review by education committee chairs/members, for fair balance, scientific objectivity and validity, and patient care and safety recommendations.

CME/CNE Evaluation & Certification Instructions

Your feedback from this American College of Cardiology (ACC) educational course will help us to better target ACC educational initiatives and efforts to support you and your future learning needs. In order to receive your CME/CNE certificate or certificate of attendance and to claim your MOC points, you must complete a brief evaluation survey online. This survey will be sent via email and will include a direct link to the survey. We strongly recommend that evaluations and credit claims be submitted within one MONTH of the course, but **you must complete them within three months of the course.**

If you do not receive an e-mail from ACCF within fourteen days of the conference, please contact Melissa Valentine at ACCF: mvalenti@acc.org.

**Indiana-ACC Annual Meeting
Saturday, October 19, 2019
The Westin Indianapolis**

7:00-7:55 a.m. **Continental Breakfast, Exhibits, Posters**

7:55 a.m. **Welcome & Opening Remarks**

Donald R. Westerhausen, Jr., MD, FACC

8:00-8:45 a.m. **What Is Impacting CV Clinicians in 2019 – Report from the ACC**

Richard J. Kovacs, MD, FACC, ACC President

8:45-9:30 a.m. **Putting It into Practice: A Review of Cardiovascular Outcome Trials with Diabetes Therapies**

Woodrow A. Corey, MD, FACC and Stacey Harris, RN, CDE

9:30-10:00 a.m. **FIT Oral Competition**

10:00-10:15 a.m. **Pearls from the Teaching Tomorrow's Teachers Program**

Kavita Khaira, MD

10:15-10:45 a.m. **Break, Exhibit, Posters**

10:45-11:30 a.m. **Personalized Medicine**

Katherine G. Spoonamore, MS

11:30 a.m. – 12:15 p.m. **High Performing Work Teams: Enhancing Patient Outcomes and Professional Well-Being**

Joel Sauer, MBA

12:15-1:00 p.m. **Break, Exhibits, Networking for Women Cardiologists & Networking for CV Team (RN, APN, Pharmacist, PA)**

1:00-2:00 p.m. **What's New in Heart Failure: From Drugs to Devices**

Kathleen Morris, DO and Vijay U. Rao, MD, PhD, FACC

2:00 p.m. **Announcement of Poster Winners and Oral Competition Winners**
