2026 Indiana-ACC Annual Meeting
Location : Indianapolis, Indiana
Activity Date: September 26, 2026

Activity Overview
The meeting is designed to enhance knowledge and increase competency in the treatment of cardiovascular disease.

Target Audience
This activity is designed for an audience of physicians, pharmacists, nurses, and physician associates.

Learning Objectives
Upon completion of the educational activity, participants should be able to:

- Describe key innovations in congenital heart surgery and summarize current ACC priorities and trends affecting cardiovascular practice.
- Evaluate the role of renal denervation and emerging pharmacologic agents in the management of resistant hypertension, including appropriate patient selection.
- Summarize key findings from 2025's major cardiovascular clinical trials and apply updated guideline recommendations to clinical practice.
- Identify key principles in the management of adults with congenital heart disease and recognize cardiovascular toxicities and surveillance strategies in cardio-oncology patients.
- Evaluate current applications of artificial intelligence in cardiology workflows and identify practical strategies for integrating AI tools into clinical practice.

Criteria for Success
A certificate of completion will be awarded based on the participant's attendance. A certificate of completion will be available upon completion of an online evaluation/claim credit form.

Please claim your credit by November 26, 2026

If you have questions about this CE activity, please contact AKH Inc at lritley@akhcme.com

CE credit provided by AKH Inc., Advancing Knowledge in Healthcare.

In support of improving patient care, this activity has been planned and implemented by AKH Inc., Advancing Knowledge in Healthcare and Indiana Chapter, American College of Cardiology (IN ACC). AKH Inc., Advancing Knowledge in Healthcare is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

This activity was planned by and for the healthcare team, and learners will receive 4.0 Interprofessional Continuing Education (IPCE) credit for learning and change.

Physicians
AKH Inc., Advancing Knowledge in Healthcare designates this live activity for a maximum of 4.0 *AMA PRA Category 1 Credit(s)*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 4.0 MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

Nurses
Credit being awarded: 4.0 ANCC contact hours

Pharmacists
AKH Inc., Advancing Knowledge in Healthcare designates this continuing education activity for 4.0 contact hours.

Physician Associate
AKH Inc., Advancing Knowledge in Healthcare has been authorized by the American Academy of Physician Associates (AAPA) to award AAPA Category 1 CME credit for activities planned in accordance with AAPA CME Criteria. This activity is designated for 4.0 AAPA Category 1 CME credits. PAs should only claim credit commensurate with the extent of their participation.

Commercial Support
There is no commercial support for this activity.
